## Navigating the Online Mock Exam

When you're completing the Online Mock Exam, the Question Navigation bar on the right-hand side of the screen allows you quickly to navigate to a specific question number. It also shows you how much time is left for the Exam to be completed.
During the Exam, when answering each question, the student must choose the answer that matches the question by clicking one of the five choices. An example is shown below.
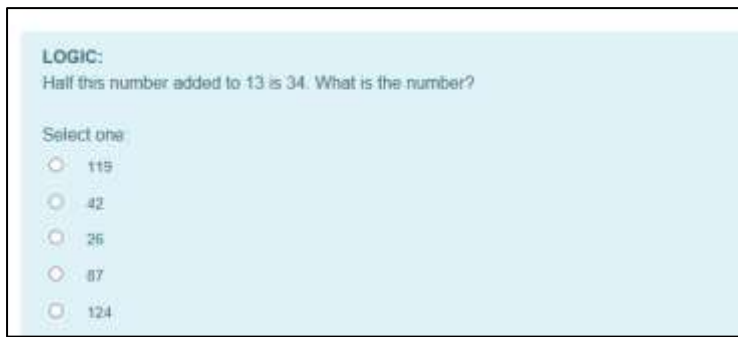

When the student has completed all the questions click on the "Submit Exam" link, as shown below.

If the student has time, he or she may go back to their answers and make changes. This would be advisable. When the student is happy with all their answers, press "Submit All and Finish", as shown below.
